

MATTEO BODDI

After graduating in Business Engineering from the University of Pisa and gaining experience in the logistics sector, he joined the Piaggio Group, holding positions of increasing responsibility within the Procurement department, eventually becoming Head of Procurement at Foshan Piaggio Vehicles Technology Research & Development in China and, since 2016, at 2-Wheeler Asia Pacific.

In January 2022, he took up the role of Head of Supply Chain & Logistics in India.

Since April 2026, he has been the Group's Head of Product Manufacturing.
