

Riccardo Tosi

Executive Vice President 2W Product Development and Product Marketing

Riccardo Tosi graduated with a degree in Mechanical Engineering from the University of Pisa, before completing a Masters in Business Development and Corporate Innovation.

He began his career at Piaggio in 2004, in the Research and Development department.

In 2007, he joined Fiat Powertrain Technologies SPA as Program Manager in the Transmission Platforms team, continuing to take on increasing responsibility until he was appointed Platform Manager for FCA Group.

In 2017 he returned to Piaggio Group as Head of the 2 Wheeler Platform and in November 2018 he was appointed Head of the Development and Product Marketing and then Head of 2 Wheeler Product Development.
