SAINT LAURENT X VESPA

Until the 20th of December, the Parisian house Saint Laurent will take a unique residency on the first floor of the multi-brand store Colette, 213 street Saint Honoré – Paris 1st.

To celebrate this occasion Vespa - the most loved scooter brand in the world - co-signed with Saint Laurent a unique collector model: an elegant and unique total matt black Vespa Primavera 125, customized for the exhibition at Colette.

The style pairs the beautiful new opaque black of the steel body with glossy black details, including the mirrors, the ornaments of the classic “tie” on the front shield, brakes or the passenger handle. The rims and muffler guard are also glossy black. Refined details in line with Saint Laurent spirit.

Moreover, to strengthen the Saint Laurent ‘touch”, a chic and handmade saddle has been chosen.

This exclusive Vespa x Saint Laurent by Anthony Vaccarello will be available at Colette’s during the exhibition and can be ordered exclusively in store and produced on demand.
