Pontedera, 28 January 2021 - During a meeting today chaired by Roberto Colaninno, the Board of Directors of Piaggio & C. S.p.A. (PIA.MI) examined and approved the preliminary figures for the 2020 financial year.

The Group's **consolidated net sales** amounted to approximately **1,314 million euro**, down 13.6% from 1,521.3 million euro for the year ended December 2019 as a result of the lockdown, which led production and sales operations to be closed for several weeks in many countries. Compared with the second half of 2019, **consolidated net sales rose by 1.3% in the second half of 2020.**

Net financial indebtedness (NFP) at 31 December 2020 was approximately 424 million euro, an improvement of about 125 million euro from 548.6 million euro at 31 March 2020 at the beginning of the first lockdown, **reflecting the positive sales trend in the second half of the year and careful management of working capital.** Net financial indebtedness decreased by approximately 6 million euro over the figure recorded on 31 December 2019 (429.7 million euro).

A comparison of the NFP at 31 March 2020 with the position at 31 December 2020 shows that from the end of the first lockdown (early May 2020) **the Piaggio Group generated cash totalling approximately 125 million euro**, while keeping **capital expenditure stable at approximately 141 million euro** compared with the prior-year figure (140.9 million euro at 31 December 2019).
